

Massachusetts Agriculture Day at the State House

Tuesday, March 18, 2008

Massachusetts' 6,000 farms maintain some 520,000 acres of open space and generate \$384,000 million in farm-gate revenue. Each year many of these farmers as well as agriculture officials from across the Bay State visit their legislators on **Massachusetts Agriculture Day at the State House** to discuss issues and legislation affecting their farms and communities.

The event includes a speaking program, 'Agriculture Day' awards, informational exhibits and a reception featuring Massachusetts's farm and specialty food products. Please join us in recognizing Massachusetts's farmers and learn more about efforts to maintain the long-term viability of Massachusetts's agriculture.
